### **End Application:**

Test

# **Product Name:**

Differential pressure switch

### **Special Features:**

Material polycarbonate case telflon diaphram, mechancial life: 20 million cycles, proof pressure 8 psi, current rating 40ma max, resistive dc, contact resistance one ohm or less, actuation pressure: 170 po (0.68' h20 nom. + - 0.2" h20). On increasing pressure

#### Shelf Life:

N/a

#### Unit Of Measure:

---

# Demilitarization:

No
