Product Name:

6700 series thermostat

Special Features:

Snap action, single pole/single throw, sub-miniature bimetallic thermostat which provides accurate and reliable sensing and switching in a single device. Nickel-plated copper mounting bracket comes standard, or you can utilize the laminated non-conductive mounting bracket for increased dielectric strength and vde approval. Switch capability of up to 1 amp for 48 vdc or 120vac for 30,000 cycles, and achieves low-level switching down to 0.001a to 0.020a at 5 vdc for 100,000 cycles.

Shelf Life:

N/a
