Overall Length:
Between 0.686 inches and 0.716 inches
Overall Diameter:
Between 0.485 inches and 0.515 inches
Individual Section Quantity:
1
Terminal Type:
Electron tube base
Product Name:
Rotary switches
Special Features:
Number of poles per deck: 1 pole, current rating: 200 ma, voltage rating: 115 vac, 28 vdc, index anlge: 90 degree, contact style:
non-shorting, termination style: lug, mounting type: panel, actuator: flatten (3.18mm), voltage rating dc: 28 vdc, voltage rating ac: 115
v, index stops: fixed.
Shelf Life:
N/a
Unit Of Measure:
<del>-</del>
Demilitarization:
No
Fiig:
A052b0
