Overall Length:

6.000 inches

Overall Height:

2.906 inches

Overall Width:

0.625 inches

Individual Section Quantity:

3

Switch Contact Basic Design:

Coded

Mounting Method:

Bracket single mounting facility

Contact Voltage Rating In Volts:

125.0 ac at sea level

Switch Actuator Indexing Position Quantity:

7 single actuator

Terminal Type:

Tab w/screw

Contact Load Current Rating:

5.0 amperes resistive load ac at sea level

Contact Arrangement Truth Table:

1, 2, 4, 5, 6, 7, 8, 9 code, 10 positions 9th section

Style Designator:

In-line, cam actuated

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A052b0
