Overall Length:

4.72 inches

Overall Width:

1.38 inches

Maximum Voltage Rating In Volts:

5.0 dc

Product Name:

Guard locking switches spartan

Special Features:

Contacts - safe type 2 n.C. And auxiliary contacts 1 n.O.; solenoid 24v ac/dc; safety contact gap 2 mm; rtd insulation voltage 500v; rtd impulse withstand volt 2500v; case material - ul approved glass filled polyester; actuator material - stainless steel conduit entry - 1 x m20 or quick disconnect style; led indication (solenoid monitor led); power supply 24v ac/dc, 110v ac, 230v ac (solenoid) operating temperature - minus 20 to 60 degrees c; color - red; operating radius 6.9 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A053a0
