Overall Length:

0.75 inches

Overall Width:

0.25 inches

Maximum Voltage Rating In Volts:

5.0 dc

Thready Qty Per Inch (tpi):

M16

Product Name:

Touge switches elf

Special Features:

Operating temperature minus 20 to 80 degrees c; colour - red; thermal current - 10a; safety contact gap - 2mm; rtd. Impulse withstand voltage - (umip) 2500v; operating radius 5.90 inches, 2.36 inches with gd2 kit; actuation speed: 6.29 inches per second; case material - ul approval glass filled polyster; actuator material - stainless steel; contact 1n.C.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A053a0
