#### **Environmental Protection:**

Corrosion resistant

# Mating End Quantity:

1

## **Connector Cable Strain Relief Method:**

Cable clamp

### Radio Frequency Type Contact Characteristic Impedance In Ohms:

50.0 single mating end single contact grouping

#### Shell Material:

Aluminum alloy

### Included Contact Quantity:

1 single mating end single contact grouping

### Included Contact Type:

Coaxial pin single mating end single contact grouping

## Shelf Life:

N/a

## Unit Of Measure:

Demilitarization:

# No
