| Thread Class:                                       |
|   |
| Thread Direction:                                   |
| Right-hand  |
| Body Style:   |
| Straight shape, external coupling w/strain relief   |
| Overall Length:                                     |
| 1.359 inches  |
| Overall Diameter:                                   |
| 0.937 inches  |
| Environmental Protection:                           |
| Moisture resistant and salt water resistant         |
| Cable Entrance Diameter:                            |
| 0.750 inches  |
| Distance From Mounting Shoulder To Front Face:      |
| 0.512 inches  |
| Mounting Facility Thickness:                        |
| 0.327 inches  |
| Threaded Device Type:                               |
| Mounting bushing                                    |
| Mating End Quantity:                                |
| 1   |
| Contact Position Arrangement Style:                 |
| 14-35 single mating end                             |
| Contact Removability:                               |
| Removable single mating end single contact grouping |
| Contact Maximum Current Rating In Amps:             |
| 6.0 single mating end single contact grouping       |
| Contact Maximum Ac Voltage Rating In Volts:         |
| 750.0 single mating end single contact grouping     |
| Polarization Method:                                |
| Keyway or multiple keyway                           |
| Insert Position In Deg:                             |
| 0.0   |
| Shell Type:   |
| Solid   |
| Connector Locking Method:                           |
| Spring friction                                     |
| Connector Cable Strain Relief Method:               |
| Compression nut                                     |
| Thready Qty Per Inch (tpi):                         |
| 32  |
|   |
