Overall Length:

8.300 inches

Overall Height:

1.312 inches

Overall Width:

4.400 inches

Component Quantity:

115 and 1 and 4

Mounting Configuration:

Fourteen unthreaded holes, seven on each side

Component Controlling Agency:

Bager meter mfg co electronics div

Component Name:

Connector, pin; printed wiring board; shell, electrical connector

Component Identifying Number:

220513 part no. And 211298 part no. And 232196 part no.

Mounting Method:

Hole

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T389-b
