Environmental Protection:

Corrosion resistant

Mating End Quantity:

1

Contact Maximum Current Rating In Amps:

10.0 single mating end 3rd contact grouping

Insert Material:

Plastic single mating end

Shell Material:

Aluminum alloy

Included Contact Quantity:

2 single mating end 2nd contact grouping

Included Contact Type:

Round pin single mating end 3rd contact grouping

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A039b0
