Mating End Quantity:

1

Contact Removability:

Nonremovable single mating end all contact groupings

Contact Maximum Current Rating In Amps:

10.0 single mating end 1st contact grouping

Radio Frequency Type Contact Characteristic Impedance In Ohms:

97.0 single mating end 2nd contact grouping

Insert Material:

Plastic single mating end

Included Contact Quantity:

2 single mating end 2nd contact grouping

Included Contact Type:

Round socket single mating end 1st contact grouping

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A039b0
