Overall Length:

15.800 inches

Overall Width:

4.800 inches

Component Quantity:

11

Mounting Configuration:

Eight 0.144 in. Mtg holes equally spaced on 14.601 in. By 4.201 in. Mtg center

Component Controlling Agency:

Department of the navy

Component Name:

Connector receptacle; electrical

Component Identifying Number:

2558256 drawing no.

Mounting Method:

Hole

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T389-b
