Overall Length:

2.859 inches

Overall Height:

0.656 inches

Overall Width:

1.375 inches

Unthreaded Mounting Hole Diameter:

0.125 inches

Mounting Facility Thickness:

0.766 inches

Threaded Device Type:

Back shell

Mating End Quantity:

1

Contact Maximum Current Rating In Amps:

13.0 single mating end single contact grouping

Connector Locking Method:

Snap ring

Insert Material:

Plastic single mating end

Shell Material:

Aluminum alloy

Included Contact Quantity:

75 single mating end single contact grouping

Included Contact Type:

Round socket single mating end single contact grouping

Special Features:

Polarized; 4 mtg holes

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A039b0
