| Body Material:                      |
|-------------------------------------|
| Ceramic                             |
| Body Style:                         |
| Top mount w/saddle                  |
| Fabrication Method:                 |
| Molded                              |
| Overall Length:                     |
| 1.750 inches                        |
| Overall Width:                      |
| 1.750 inches                        |
| Specific Equipment Accommodated:    |
| Electron tube                       |
| Contact Material:                   |
| Copper alloy                        |
| Contact Surface Treatment:          |
| Silver                              |
| Accommodated Contact Quantity:      |
| 4                                   |
| Polarization Type:                  |
| Colored dot                         |
| Mounting Method:                    |
| Saddle                              |
| Mounting Type For Which Designed:   |
| Chassis                             |
| Contact Position Arrangement Style: |
| Circular                            |
| Precious Material And Location:     |
| Contact surface silver              |
| Precious Material:                  |
| Silver                              |
| Furnished Items And Quantity:       |
| 4 stud                              |
| Terminal Type And Quantity:         |
| 4 tab, solder lug                   |
| Shelf Life:                         |
| N/a                                 |
| Unit Of Measure:                    |
|                                     |
| Demilitarization:                   |
| No                                  |
| Fiig:                               |
| A02300                              |
