**Environmental Protection:**

Corrosion resistant

**Mating End Quantity:**

1

**Connector Cable Strain Relief Method:**

Cable clamp

**Radio Frequency Type Contact Characteristic Impedance In Ohms:**

50.0 single mating end single contact grouping

**Shell Material:**

Aluminum alloy

**Included Contact Quantity:**

1 single mating end single contact grouping

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A039b0
