Body Style:

Straight shape

Overall Length:

8.400 inches

Overall Height:

0.640 inches

Overall Width:

1.005 inches

Environmental Protection:

Moisture resistant and shock resistant and vibration resistant and salt water resistant

Distance Between Mounting Facility Centers:

8.050 inches

Mating End Quantity:

1

Contact Removability:

Removable single mating end single contact grouping

Shell Type:

Solid

Terminal Location:

Back single mating end single contact grouping

Terminal Type:

Crimp single mating end single contact grouping

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A039b0
