Body Style:

Straight type

Environmental Protection:

Cold resistant

Mating End Quantity:

1

Polarization Method:

Mating end

Connector Locking Method:

Friction

Insert Material:

Plastic single mating end

Criticality Code Justification:

Feat

Special Features:

Bond 2 keying pins to connector body using epoxy adhesive - 1 located 0.350 inches from mtg hole at left side and 1 located 5.865 inches from mtg hole at left side

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A039b0
