Overall Length:

2.500 inches

Overall Height:

1.000 inches

Overall Width:

2.000 inches

Component Quantity:

2

Mounting Configuration:

Two 0.152 in. Diameter mtg holes spaced 0.625 in. C to c

Component Controlling Agency:

Air force-navy aeronautical standard

Component Name:

Connector, receptacle, electrical

Component Identifying Number:

An5537-1-1 part no. And an5537-1-2 part no.

Mounting Method:

Hole

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
