Body Style:

Right angle type

Overall Length:

4.010 inches

Body Width:

0.250 inches

Body Height:

0.610 inches

Environmental Protection:

Vibration resistant

Distance Between Mounting Facility Centers:

3.660 inches

Mating End Quantity:

1

Contact Position Arrangement Style:

1 row of contacts non-inserted board single mating end

Connector Locking Method:

Friction

Insert Material:

Plastic polyamide single mating end

Special Features:

Insert plated tin; mounting slot width 0.178 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A039b0
