**Body Material:**

Plastic

**Fabrication Method:**

Molded

**Body Mounting Hole Accommodation Diameter:**

0.289 inches

**Mounting Hole Style:**

Round, body

**Specific Equipment Accommodated:**

Semiconductor device

**Contact Material:**

Copper alloy

**Contact Surface Treatment:**

Gold

**Accommodated Contact Quantity:**

4

**Mounting Method:**

Press fit

**Mounting Type For Which Designed:**

Chassis

**Precious Material And Location:**

Contact surfaces gold

**Precious Material And Weight:**

0.020 gold grains, troy

**Precious Material:**

Gold

**Terminal Type And Quantity:**

4 solder stud

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A02300
