Overall Length:

2.218 inches

Overall Diameter:

1.500 inches

Cable Entrance Diameter:

0.750 inches

Mating End Quantity:

1

Contact Maximum Current Rating In Amps:

7.5 single mating end 2nd contact grouping

Shell Type:

Solid

Connector Locking Method:

Spring friction

Connector Cable Strain Relief Method:

Crimp type

Radio Frequency Type Contact Characteristic Impedance In Ohms:

95.0 single mating end 1st contact grouping

Insert Material:

Rubber single mating end

Shell Material:

Aluminum alloy

Included Contact Quantity:

6 single mating end 1st contact grouping

Included Contact Type:

Round pin single mating end 2nd contact grouping

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A039b0
