| Thread Class:                         |
|---------------------------------------|
| 2b and 2a                             |
| Thread Direction:                     |
| Right-hand and right-hand             |
| Overall Length:                       |
| 1.609 inches                          |
| Overall Diameter:                     |
| 1.312 inches                          |
| Cable Opening Diameter:               |
| Between 0.881 inches and 0.891 inches |
| Cable Opening Quantity:               |
| 1                                     |
| Size Designation:                     |
| 20                                    |
| Mounting Facility Type And Quantity:  |
| 2 threaded coupling                   |
| Thready Qty Per Inch (tpi):           |
| 18 and 18                             |
| Thread Size:                          |
| 1.125 inches and 1.188 inches         |
| Special Features:                     |
| Inside thread left hand               |
| Material:                             |
| Aluminum                              |
| Surface Treatment:                    |
| Anodize                               |
| Style Designator:                     |
| Straight type                         |
| Surface Treatment:                    |
| Anodized aluminum                     |
| Thread Series Designator:             |
| Unef and unef                         |
| Shelf Life:                           |
| N/a                                   |
| Unit Of Measure:                      |
|                                       |
| Demilitarization:                     |
| No                                    |
| Fiig:                                 |
| A10100                                |
