**Overall Length:**

9.000 inches

**Overall Width:**

4.910 inches

**Component Quantity:**

10

**Component Controlling Agency:**

Cardion electronics

**Component Name:**

Connector receptacle electrical

**Component Identifying Number:**

401928 drawing no.

**Fsc Application Data:**

Interference, radar, nonairborne, except fire control and guided missile

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T389-b
