Overall Length:

3.700 inches

Overall Height:

0.742 inches

Overall Width:

3.600 inches

Component Quantity:

3

Mounting Configuration:

Six 0.196 in. Diameter mtg holes on 2.880 in. By 2.941 in. By 3.030 in. Centers

Component Controlling Agency:

Winchester electronic, division, litton industries inc.

Component Name:

Connector, receptacle, electrical

Component Identifying Number:

17147-9 drawing no.

Mounting Method:

Hole

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T389-b
