Body Material:

Plastic

Fabrication Method:

Molded

Contact Material:

Copper alloy

Accommodated Contact Quantity:

7

Component Shield Mounting Method:

Screw

Polarization Type:

Contact position

Mounting Type For Which Designed:

Chassis

Features Provided:

Component retaining device

Contact Position Arrangement Style:

Miniature

Terminal Type And Quantity:

7 pin

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02300
