|                                       | Thread Class:   |
|---------------------------------------|---|
|                                       | 2a  |
|                                       | Thread Direction:   |
|                                       | Right-hand  |
|                                       | Body Style:   |
|                                       | Straight shape, external coupling   |
|                                       | Overall Length:   |
|                                       | 1.937 inches  |
|                                       | Overall Height:   |
|                                       | Between 2.719 inches and 2.781 inches                                       |
|                                       | Overall Width:  |
|                                       | Between 2.719 inches and 2.781 inches                                       |
|                                       | Environmental Protection:   |
|                                       | Moisture resistant and vibration resistant and salt water resistant         |
|                                       | Unthreaded Mounting Hole Diameter:  |
|                                       | Between 0.168 inches and 0.183 inches                                       |
|                                       | Center To Center Distance Between Mounting Facilities Parallel To Height:   |
|                                       | 2.188 inches  |
|                                       | Distance Between Centerlines Of Mounting Facilities Parallel To Body Width: |
|                                       | 2.188 inches  |
|                                       | Distance From Mounting Shoulder To Front Face:                              |
| Between 0.812 inches and 0.843 inches |   |
|                                       | Threaded Device Type:   |
|                                       | Coupling facility   |
|                                       | Mating End Quantity:  |
|                                       | 1   |
|                                       | Contact Position Arrangement Style:   |
|                                       | 40-56 single mating end   |
|                                       | Contact Removability:   |
|                                       | Removable single mating end single contact grouping                         |
|                                       | Polarization Method:  |
|                                       | Keyway or multiple keyway   |
|                                       | Insert Position In Deg:   |
|                                       | 0.0   |
|                                       | Shell Type:   |
|                                       | Solid   |
|                                       | Connector Locking Method:   |
|                                       | Externally threaded shell   |
|                                       | Thready Qty Per Inch (tpi):   |
|                                       | 16  |
|                                       | Thread Size:  |
|                                       | 2.500 inches  |

| Terminal Location:  |  |
