Mating End Quantity:

2

Polarization Method:

Contact

Contact Material:

Copper alloy single mating end all contact groupings

Insert Material:

Plastic single mating end

Criticality Code Justification:

Zzzy

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A039b0
