Electrical Receptacle Connector - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5935-01-034-3203

Mating End Quantity:
2
Polarization Method:
Contact
Contact Material:
Copper alloy single mating end all contact groupings
Insert Material:
Plastic single mating end
Criticality Code Justification:
Zzzy
Reference Number Differentiating Characteristics:
Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A039b0
