Body Style:

Hood, side opening

Overall Width:

1.100 inches

Environmental Protection:

Moisture resistant and shock resistant and thermal shock resistant and vibration resistant

Mating End Quantity:

1

Polarization Method:

Mating end

Shell Type:

Hood, side opening

Insert Material:

Plastic phenolic single mating end

Special Features:

Hood opening at 45 degrees

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A039b0
