Overall Length:

2.650 inches

Overall Width:

2.000 inches

Component Quantity:

4

Mounting Configuration:

Six 0.112 in. Diameter mtg holes irregularly spaced

Component Controlling Agency:

Lockheed georgia company, a division of lockheed corp

Component Name:

Connector receptacle, electrical

Component Identifying Number:

Es120039-5 drawing no.

Mounting Method:

Hole

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T389-b
