Electrical Connector Guide - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5935-01-121-7635

overall Length:
etween 0.245 inches and 0.255 inches
pecial Features:
I-shaped receptacle for guide pin; solder mounted to pcb board by 4 flat solder studs 0.112 in. Long
laterial:
Prass
laterial:
Copper alloy
Surface Treatment:
lickel
Surface Treatment:
lickel plated
helf Life:
I/a
Init Of Measure:
Demilitarization:
lo
iig:
.10100
