Body Style:

Straight shape

Overall Length:

0.500 inches

Overall Height:

0.600 inches

Overall Width:

0.240 inches

Environmental Protection:

Corrosion resistant and moisture resistant and thermal shock resistant and vibration resistant

Mating End Quantity:

1

Contact Position Arrangement Style:

2 rows of contacts non-inserted board single mating end

Polarization Method:

Shell

Insert Material:

Plastic polyamide single mating end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A039b0
