Seal Material:

Rubber, silicone base

Overall Width:

0.906 inches

End Application:

6920-01-142-2858 target mech. Training set (rets)

Distance From Centerline To Connector End:

1.000 inches

Distance From Centerline To Cable End:

2.172 inches

Cable Opening Quantity:

1

Seal Type:

Grommet and preformed packing

Mounting Facility Type And Quantity:

2 screw

Special Features:

Finish, olive drab

Material:

Aluminum

Style Designator:

Angle type w/clamp

Specification Data:

19200-935912 manufacturers specification control

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A10100
