Overall Length:

12.250 inches

Overall Width:

4.000 inches

Component Quantity:

8

Component Controlling Agency:

General electric corp

Component Name:

Connector receptacle, electrical

Component Identifying Number:

77c715526 drawing no.

Mounting Method:

Plug-in

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T389-b
