Overall Length:

12.350 inches

Overall Height:

1.100 inches

Overall Width:

2.085 inches

Unthreaded Mounting Hole Diameter:

Between 0.249 inches and 0.255 inches

Mounting Facility Type And Quantity:

4 unthreaded hole

Special Features:

To accomodate receptacles j532, j1080, j31 with switch acuators for pressure and return; heat treat to t6 iaw mil-h-6088

Material:

Aluminum alloy

Material:

Aluminum alloy

Surface Treatment:

Chemical film no.11 followed by system a and d per 7-epb040230

Style Designator:

Irregular

Surface Treatment:

Chemical film no.11 followed by system a and d per 7-epb040230

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A10100
