Body Style:

Straight shape, flush mount

Overall Width:

2.000 inches

Environmental Protection:

Humidity resistant and salt water resistant and shock resistant

Mating End Quantity:

3

Shell Type:

Solid

Terminal Location:

Back all mating ends all contact groupings

Insert Material:

Plastic diallyl phthalate all mating ends

Shell Material:

Aluminum alloy

Shell Surface Treatment:

Cadmium and chromate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A039b0
