| 1                                                                                                               |
| Contact Position Arrangement Style:                                                                             |
| 20-41 single mating end                                                                                         |
| Contact Removability:                                                                                           |
| Removable single mating end single contact grouping                                                             |
| Contact Maximum Ac Voltage Rating In Volts:                                                                     |
| 600.0 single mating end single contact grouping                                                                 |
| Polarization Method:                                                                                            |
| Keyway or multiple keyway                                                                                       |
| Insert Position In Deg:                                                                                         |
| 225.0                                                                                                           |
| Shell Type:                                                                                                     |
| Solid                                                                                                           |
| Connector Locking Method:                                                                                       |
| Bayonet pin                                                                                                     |
| Thread Length:                                                                                                  |
| 0.290 inches                                                                                                    |
| Thready Qty Per Inch (tpi):                                                                                     |
| 18                                                                                                              |
| Thread Size:                                                                                                    |
| 1.188 inches                                                                                                    |
| Terminal Location:                                                                                              |
| Back single mating end single contact grouping                                                                  |
| Contact Material:                                                                                               |
| Copper alloy single mating end single contact grouping                                                          |

**Contact Surface Treatment:** 

Gold single mating end single contact grouping and nickel single mating end single contact grouping

# NSN 5935-01-202-6193

Electrical Plug Connector - Page 2 of 2

#### **Contact Surface Treatment Specification:**

Mil-g-45204, type 2, grade c, class 1 military specification 1st treatment response single mating end single contact grouping and qq-n-290, class 2 federal specification 2nd treatment response single mating end single contact grouping

#### **Terminal Type:**

Crimp single mating end single contact grouping

#### **Shell Material:**

Aluminum alloy 6061 or aluminum alloy 380.0 and aluminum alloy a380.0

#### **Shell Surface Treatment:**

Chromate and cadmium

#### **Shell Surface Treatment Specification:**

Qq-p-416, type 2, cl 3 federal specification all treatment responses

#### **Shell Material Specification:**

Qq-a-367, t6 federal specification 1st material response or qq-a-591 federal specification 2nd material response and qq-a-591 federal specification 3rd material response

#### **Included Contact Quantity:**

41 single mating end single contact grouping

#### **Included Contact Type:**

Round pin single mating end single contact grouping

#### **Special Features:**

In order to complete the connector assembly, the user must obtain/provide the backshell. Standard versions may be ordered as nsn 5935-01-183-6491, p/n m85049/52-1-20w for the straight style, or nsn 5935-01-186-5610, p/n m85049/51-1-20w for the right angle style.

#### **Precious Material And Location:**

Contact surfaces gold

#### **Precious Material And Weight:**

0.041 gold grains, troy

#### **Precious Material:**

Gold

#### **Test Data Document:**

81349-mil-c-26482 specification (includes engineering type bulletins, brochures, etc., that reflect specification type data in specification format; excludes commercial catalogs, industry directories, and similar trade publications, reflecting general type data on certain environmental and performance requirements and test conditions that are shown as "typical", "average", "", etc.).

# Thread Series Designator:

Unef

## **Specification Data:**

96906-ms3471 government standard

Shelf Life:

N/a

**Unit Of Measure:** 

--

#### Demilitarization:

No

Fiig:

A039b0

### Mil-std (military Standard):

Mil-g-45204 spec.
