Body Style:

Straight shape

Overall Length:

6.540 inches

Overall Height:

0.422 inches

Overall Width:

0.200 inches

Mating End Quantity:

120

Contact Position Arrangement Style:

2 rows of contacts non-inserted board all mating ends

Polarization Method:

Keyway or multiple keyway

Insert Position In Deg:

0.0

Shell Type:

Potting

Connector Locking Method:

Screw

Insert Material:

Stainless steel all mating ends

Terminal Type:

Solder stud all mating ends all contact groupings

Shell Surface Treatment Specification:

Mil-m-20693 military specification 1st treatment response

Insert Material Specification:

Qq-s-763 federal specification all material responses all mating ends

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A039b0

Mil-std (military Standard):

Mil-m-20693 spec.
