Criticality Code Justification:

Feat

Product Name:

Connector

Special Features:

Form, fit and function

Supplementary Features:

Finish of connector is electroless nickel coating (conductive) -65c to +200c in accordance with mil-dtl-38999, revision I

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A039b0
