**Special Features:**

Material document and classification: zz-r-768 federal specification single material response ; hardness rating 50.0 durometer a min and 60.0 shore durometer a maximum ; cross-sectional height 0.734 in min and 0.766 in max; peripheral diameter 1.604 in min and 1.614 in max; contains 34 holes of various sizes

**Material:**

Rubber

**Material:**

Rubber

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A10100

**Mil-std (military Standard):**

Mil-c-24231 spec.
