Overall Length:

13.125 inches

Overall Height:

1.500 inches

Overall Width:

2.375 inches

Component Quantity:

9

Mounting Configuration:

Two slots 12.750 in. From each other

Component Controlling Agency:

Brooks mfg co

Component Name:

Connector, receptacle, electrical

Component Identifying Number:

218 model no.

Mounting Method:

Slot

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T389-b
