| Body Material:                                    |
|---------------------------------------------------|
| Plastic and glass                                 |
| Body Style:                                       |
| Top mount                                         |
| Overall Length:                                   |
| 1.720 inches                                      |
| Overall Height:                                   |
| 0.760 inches                                      |
| Overall Width:                                    |
| 0.500 inches                                      |
| Mounting Hole Diameter:                           |
| 0.150 inches                                      |
| <b>Body Mounting Hole Accommodation Length:</b>   |
| 1.075 inches                                      |
| <b>Body Mounting Hole Accommodation Width:</b>    |
| 0.500 inches                                      |
| Distance Between Mounting Facility Centers:       |
| 1.406 inches                                      |
| Mounting Hole Style:                              |
| Rectangular, w/two mounting holes/slots           |
| Contact Maximum Current Rating In Amps:           |
| 10.0                                              |
| Contact Material:                                 |
| Phosphor bronze                                   |
| Contact Surface Treatment:                        |
| Gold and silver                                   |
| Accommodated Contact Quantity:                    |
| 8                                                 |
| Polarization Type:                                |
| Slot                                              |
| <b>Projection Length Above Mounting Surface:</b>  |
| 0.460 inches                                      |
| Mounting Method:                                  |
| Unthreaded hole                                   |
| Mounting Type For Which Designed:                 |
| Chassis                                           |
| Contact Position Arrangement Style:               |
| Dual in line                                      |
| Precious Material And Location:                   |
| Contact surfaces gold and contact surfaces silver |

**Precious Material And Weight:** 

 $0.008 \ \text{gold grains}, \ \text{troy} \ \text{and} \ 0.008 \ \text{silver grains}, \ \text{troy}$
