Overall Length:

14.436 inches

Overall Height:

0.940 inches

Overall Width:

7.650 inches

Component Quantity:

15

Mounting Configuration:

39 unthreaded mtg holes irregularly spaced

Component Controlling Agency:

U.S.Army missile command

Component Name:

Connector, receptacle, electrical

Component Identifying Number:

11464350 drawing no.

Mounting Method:

Hole

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T389-b
