Body Style:

Straight shape

Overall Length:

0.994 inches

Overall Height:

0.210 inches

Overall Width:

0.224 inches

Mating End Quantity:

1

Contact Position Arrangement Style:

2 rows of contacts non-inserted board single mating end

Connector Locking Method:

Friction

Insert Material:

Plastic polyamide and glass fiber or plastic polyester single mating end

Insert Material Specification:

Mil-m-20693, type 1 military specification 1st material response and I-p-395, gr a federal specification 1st material response and I-p-395, gr a federal specification 2nd material response or mil-m-24519, ty gpt-30f military specification 3rd material response single mating end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A039b0

Mil-std (military Standard):

Mil-m-20693 spec.
