## Body Style:

Straight shape
Overall Length:
1.187 inches

Overall Height:
0.388 inches

Overall Width:
0.390 inches

Distance Between Mounting Facility Centers:
0.814 inches

Threaded Device Type:
Coupling facility
Mating End Quantity:
2
Contact Position Arrangement Style:
20 20-20 all mating ends
Polarization Method:
Jackscrew
Thread Size:
0.086 inches

Unable To Decode:
Unable to decode and unable to decode

## Special Features:

Jackscrew type-male and location-left handandjackscrew type-female and location-right hand
Thread Series Designator:
Unc
Shelf Life:
N/a
Unit Of Measure:

Demilitarization:
No
Fiig:
A039b0
