Overall Length:

2.703 inches

Overall Height:

3.750 inches

Overall Width:

3.750 inches

End Application:

Auxiliary power unit

Component Quantity:

8

Component Controlling Agency:

The Pyle National Company

Component Name:

Standard female shell (panel mtd) with insulation clamp nut

Component Identifying Number:

Zzm-bfb-17712 drawing no.

Special Features:

Item contains mechanical clamp nut1; washer1; grommet1; cable adapter1; male insert w/pin contacts1; coupling nut1; male skirt1 and environmental cover-male1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T389-b
