**Overall Length:**

22.600 inches

**Overall Width:**

18.250 inches

**Component Quantity:**

142

**Mounting Configuration:**

Twenty three 0.225 in. Min diameter and 0.231 in. Maximum diameter studs 5.100 in. C to c on long side; seventeen 0.273 in. Min diameter and 0.282 in. Maximum diameter mtg holes 3.000 in. C to c on short side and 2.500 in. C to c on long side

**Component Controlling Agency:**

Naval sea systems command

**Component Name:**

Connector assembly, electrical

**Component Identifying Number:**

5753881-1 drawing no.

**Mounting Method:**

Stud and hole

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T389-b
