Body Style:

Straight shape, internal coupling w/stra in relief

Overall Diameter:

1.937 inches

Environmental Protection:

Moisture resistant and vibration resistant and thermal shock resistant and solvent resistant

Mating End Quantity:

1

Polarization Method:

Keyway or multiple keyway

Insert Position In Deg:

0.0

Shell Type:

Solid

Connector Locking Method:

Bayonet latch

Connector Cable Strain Relief Method:

Cable clamp

End Application:

2320-01-176-0468 trailer, dropside ca

Insert Material:

Plastic single mating end

Shell Material:

Aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A039b0
