Overall Width:

0.800 inches

Component Quantity:

2

Component Controlling Agency:

Us army communications electronics command

Component Name:

Connector, receptacle

Component Identifying Number:

A3041803 part no. And a3041862-6 part no.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T389-b
