Body Style:

Straight shape

Overall Length:

3.850 inches

Overall Height:

0.485 inches

Overall Width:

0.250 inches

Mating End Quantity:

2

Contact Position Arrangement Style:

C all mating ends

Polarization Method:

Guide pin/socket

Criticality Code Justification:

Zzzy

Terminal Type:

Solder stud all mating ends all contact groupings

Special Features:

Distance between mounting facility centers 3.600 inches

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A039b0
